

## ETH Library Information Sheet for Fellows

The ETH Library provides a variety of tools for finding information ect, please visit the [ETH Library website](#) or contact the [InfoCenter](#) (+41 44 632 21 35). The ETH library team is happy to help with any further questions.

### Get registered\*

If you're not yet registered with **ETH Library @ swisscovery** yet or don't have a SWITCH edu-ID, follow this **four-step tutorial**:

- [ETH Zürich Members](#)
- [Non ETH Zürich Members](#)

\*For getting registered at the library you need your [ETH user account](#)

All members of ETH Zurich receive at the beginning of their guest stay or employment an ETH username and an ETH password for web applications, AAI (LDAP). They must change this password as soon as possible.

The ETH username is generated and assigned automatically by the system and cannot be changed – not even in the event of change of the member's surname (e.g. after marriage). For support, please contact our IT support see [Internal](#), see IT & printing.
